ISBN : #0262232197 | Date : 2001-10-01

Description :

PDF-85937 | This graduate text provides an intuitive but rigorous treatment of contemporary methods used in microeconomic research. The book makes clear that applied microeconometrics is about the estimation of marginal and treatment effects, and that parametric estimation is simply a means to this end. It also clarifies the distinction between causality and statistical association. The book focuses speci... *Econometric Analysis of Cross Section and Panel Data*
