Description :

PDF-ae60f | Disruptive technology is one of the defining economic trends of our age, transforming one major industry after another. But what is the true impact of such disruption on the world's economies, and does it really have the potential to solve global problems such as low growth, inequality and environmental degradation? The provocative answer is that such disruption could indeed solve many of these is... *A Good Disruption: Redefining Growth in the Twenty-First Century*
