Description :

PDF-2a470 | Oil and coal have built our civilization, created our wealth, and enriched the lives of billions. Yet, their rising costs to our security, economy, health, and environment now outweigh their benefits. Moreover, that long-awaited energy tipping point?where alternatives work better than oil and coal and compete purely on cost?is no longer decades in the future. It is here and now. And it is the ... *Reinventing Fire: Bold Business Solutions for the New Energy Era*
